

## Serving the Loss Prevention Industry

The Loss Prevention Foundation is a not-for-profit 501 c (6) organization founded in 2006 by industry leading professionals to serve the loss prevention industry. Our mission is to advance the profession by providing relevant, convenient and challenging educational resources. We support this mission through a variety of ever-expanding initiatives, including two certification programs, on-line educational resources, a career-oriented membership program, student scholarships and a college and university program.

Members of the LPF belong to the industry's first and only professional membership program dedicated to loss prevention. A unique and powerful networking engine, the LPF provides loss prevention professionals of all levels the resources to excel in their careers. Our membership program not only offers unmatched industry relationship building, it offers invaluable information such as our career, education, best practices, and student centers resources.

The Foundation has a membership option for you. Pick up a membership form for more information on our annual, two-year, student/educator or lifetime memberships or visit our Web site for more exciting details of how you can take ownership of your career today. Join today and demonstrate your support for the Foundation!

### Career Center

The career center provides a single, convenient location for obtaining relevant educational information on professional development and career planning. It is important for individuals to take responsibility for their development. The tools offered in the career center are designed to help.

Components of the career center include:

- Personal assessments
- Career plan development
- Brain teasers
- Industry resources
- Travel resources

### Education Center

The education center enables members to stay up to date with the latest in loss prevention and explore other topics of interest. Content covers the most relevant areas of loss prevention and beyond.

Components of the education center include:

- Bookstore and articles
- White papers
- Educational webcasts
- Presentation archives
- Professional speakers

### Best Practices Center

Some of the best sources of information are your peers working in the industry. With that in mind, the Foundation's best practices center is designed to gather information from LP professionals in several different formats, conveniently located in one place.

Components of the education center include:

- Tips from the field
- Surveys
- Information boards-Linked In

### Student Center

The student center provides information to college students who are interested in loss prevention and also to those LP professionals continuing their higher education.

Components of the student center include:

- Student liaison
- Higher education database
- Scholarships
- Retail internship database
- Job descriptions and org charts
- Job opportunities-link
- Alpha Phi Sigma
